

Claims 78700 and 78814 Loading
Horses in Low Roof Cars:

S-33033

Arkansas City, August 8, 1938

Messrs. Krammes,
Hume,
Crill.

All Agents.

My letter July 9 calling attention to hazard of damage if horses are loaded in low roof stock cars because of the liability of these animals throwing their heads up and striking the top of the car.

The following series cars have inside height of eight feet or more and should be used for loading horses in preference:

51040 to 51999
55502 to 59001
60002 to 60801.

P. O'Sullivan
